The code to the gate is 7889  
Go left, walk on down the side  
It's the last apartment on the right

Texas Psychedelic  
You know that I been thinking of you  
Texas Psychedelic  
Tell me bout what makes you, you

The Auto-Icon of Jeremy Bentham  
It's on display University College London  
And they say brought out for meetings  
Present but not voting

You know that I been thinking of you
